

Beaufort House

- ◆Registered Residential home providing specialist support for adults with autistic spectrum condition and associated learning disabilities
- ◆Places the needs, preferences and ambitions of the individual at the centre of the planning process
- ◆Promotes autonomy to gain & build on independent living skills
- ◆Empowers individuals to set achievable targets and reach outcomes which enhance their development

Beaufort House is a large terraced house situated in a pleasant residential area of Redcar. The environment is conducive to meeting the needs of adults with autistic spectrum conditions.

There are 5 bedrooms within the home and each individual has their own spacious room which they are encouraged to personalise. Each room has en-suite facilities which include either a bath or a shower.

The service is close to travel links and local amenities, enabling individuals to access their local community.

Facilities at Beaufort House:

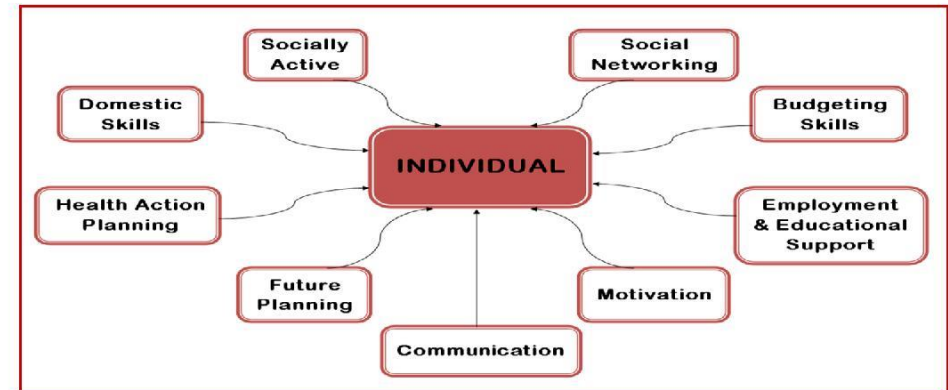

There is a large communal living room on the ground floor of the building and a quieter communal area, with sensory equipment on the first floor.

The home offers a welcoming environment to all who use and visit the service.

Life Opportunities

Individuals benefit from outcome focused support as outlined below:

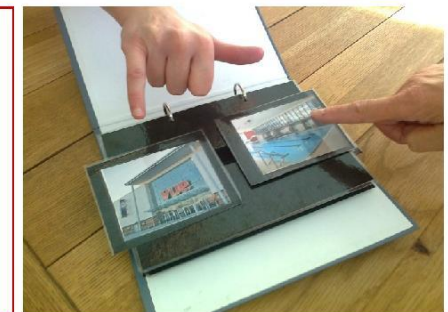

Passionate about Effective Support for People with Autism

The service is managed by staff who have extensive experience within the field of autism; their objective is to incorporate current knowledge and practice within individualised packages of care for individuals with autism.

The staff team are passionate and positive about working with people with autism. All staff have received a high standard of training and have taken part in an induction process specific to the service. The staff team also receive support and guidance from Potens Behavioural Support and Therapy team in aspects of best practice in communication and behaviour that is perceived as challenging.
