

The support services offer appropriate support and liaison with local professionals and organisations focused around the ten outcomes of the **Mental Health Recovery Star**:

**Annie** had spent over 20 years in a restricted secure unit, followed by an admission in hospital which lasted for over 3 months. She has now found a home at PendleView, but after years of institutionalised care she had lost the ability to care for herself. With staff support, she is enjoying cooking meals not only for herself, but other service users. She has also found a new skill in ironing and is learning new things on a weekly basis. The staff team feel that with the right support and encouragement, Annie should be able to move to Potens local supported living accommodation. *“I had spent most of my life in hospitals, moving from one area to another, now my home is Pendle View where I am learning new skills all the time “*

**Registered Residential homes for adults with mental health and complex needs**

- ◆ Provide homely environments, with a variety of facilities
- ◆ Support is offered to encourage independence & crisis management
- ◆ Rehabilitative support focused around the outcomes of the Mental Health Recovery Star
- ◆ Encouraging inclusion in the local community

**Calder View & Pendle View** are close to towns of Colne and Nelson respectively. Both services offer people with high support needs a package which includes individualised support & care, in a stable environment, aiding rehabilitation and recovery.

The skilled staff team are qualified to NVQ III level and benefit from further training and awareness around mental health needs, risk assessment, person centred planning, SOVA, daily recording, skills development for independent living and crisis management.

**Calder View & Pendle View** offer support for:

- personality disorder
- bi-polar
- schizophrenia
- depression
- poor motivation
- self harm

**Support** can also be offered for clients on a Community Treatment Order or Section under the Mental Health Act.

**Staff** work in partnership with other concerned professionals to involve residents with local therapeutic resources such as CPN's, mental health clinics and substance misuse teams.
