

The support service from Isis will offer appropriate support and liaison with local professionals and organisations focused around the ten outcomes of the **Mental Health Recovery Star**:

**Supported Living** for adults with mental health needs is available in POTENS Merseyside services. Isis successfully supports individuals and enables and encourages people to move on to independent living in the local area. The staff team consider that continuity of support enables service users to successfully live independently whilst knowing where to request help should they fall into crisis to avoid costly re-admission to hospital or residential care.
