

Opportunities to improve life skills

Individuals benefit from outcome focused, person centred support.

Kay's story....with support from Potens North West Dom Care, Kay has been working in paid employment at the local Morrison's café. She serves ordered dishes, clears the tables and sweeps the floor. She is very enthusiastic about her job, as she loves meeting new people. The confidence that she has gained has helped her build a close circle of friends through joining in staff events, and being invited to family and friends events such as christenings. Kay likes to keep busy and is also working as a volunteer in a charity shop presently.
