

I can talk to my teacher  
or other adults about anything  
I want to talk about,

We were asked about  
how we feel about the new  
building.

What we do at choosing time

Adults listen to me and  
how I feel.

Activities in our  
sensory time

How we have our say

Topics we can choose. Transport  
has been my favorite.

What we do at play  
time

What we spend our  
vouchers on

Willy Ko

I even got to suggest a trip  
to go on

Alfie thought of lots of examples of  
how he gets to share his views and  
ideas, make his own choices, and  
give his feedback to the staff at  
Arbour House School.
