Dear Parent/Carer

We are delighted to share with you the news that our application to the Department of Education to increase pupil capacity and register an additional school site has finally been approved. Ofsted were commissioned by the DfE to carry out a Material Change inspection as part of that application process and their report is now approved and published on our school website but enclosed here too.

As many of you are already aware the additional site – Maen - is in Dorchester and is in the final stages of its completion in preparation for pupils.

Whilst this is a very exciting time for the school we appreciate that for many of you this may well give rise to a number of concerns or queries. To that effect, we have compiled a list of potential questions and answers enclosed here which we hope you will find helpful.

If you have any further questions or would like to know more please do discuss this with your child's teacher or contact us directly.

Potens and the school team are currently planning an Open Day at Maen on June 22nd and we do hope that you will be able to join us. An invitation with further information will be sent to you in due course.

Kind regards
